healthy neighborhoods. We are looking for additional feedback to refine insights from Phase 1 engagement which was completed in November 2023. Insights from both phases of engagement, along with other City bylaws, policies, services, research and jurisdictional scan data, will inform the drafting of the new bylaw.

You are receiving this community toolkit package because you are a valued community partner with a membership who may have a keen interest in providing their feedback. We value everyone's input - whether they own pets or not.

Public engagement will be open from July 2 - August 11, 2024 and the City needs your help inviting more Edmontonians to participate and share their feedback. The attached community toolkit includes digital materials that can be printed, emailed, posted on social media and added to e-newsletters. We appreciate your support and efforts!

We encourage you to reach out to the Public Engagement planning team at [erin.pote@edmonton.ca](mailto:erin.pote@edmonton.ca) if you have any questions or concerns about the community toolkit and how to use it.

Thank you,
